Carrion child,  
Prey for me, play your  
Wild card, see the house come down around your  
Head, home to me, so much dreaming  
Some say I'm growing cold and  
Taking over  
Nothing, cuts, two ways ...  
Possession: taking over  
Stand these pictures on your shelf  
And wear your heart upon my sleeve,  
Wear a dress that you can see through,  
See yourself inside;  
I'll be your imagination,  
Tear apart what you believe,  
Make a mess of your conviction,  
Take away my pride and leave,  
Nothing, but the debris,  
Cuts, two ways,  
Carrion child,  
Prey for me, play your  
Wild card, see the house come down around your  
Possession: Taking over ...  
Possession: Shake shake shake shake shake shake;  
Possession: Taking over Somehow the fact takes over, and the fiction coming through,  
Somehow I do my crying breaking down for you,  
This way doubt takes over, contradiction coming through,  
This way I do my lying, making up and making out for you  
Possession: taking over  
Child  
Nothing  
Prey for me  
But the debris  
Play your wild card  
Cuts two ways  
Some say I'm growing cold and  
Taking over  
Down around your  
Head  
Nothing  
Home to me  
But the debris  
So much dreaming, see the house come down around your  
Possession: Shake shake shake shake shake shake shake  
Possession: Taking over  
Possession: Shake shake shake shake shake shake shake  
Possession: Taking hold
